DETAILED ACTION

1. Newly submitted claim 6 is directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: The original claims were directed to a method for enhancing the life of gas oil. The claims as amended are now directed to a method for lubricating a gas engine.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 6, 9 and 13-14 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

2. The reply filed on January 25, 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): original presentation. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
